

The *Magic Knight Rayearth* Term List

Created: 2 July 2002.

Compiled by Ian Andreas Miller

- Much of the information comes from the *Cephiro* Web site.
<http://cephiro.anime.net/menu.html>

(Notice that "Cephiro" should be "Céfiro" because the name is "Nissan Céfiro," not "Nissan Cephiro.")

- Some names that appear in the Japanese *Magic Knight Rayearth* anime and manga sources seem to be spelled oddly. Extra katakana or hiragana characters have been placed in brackets [].
